

Heathcote Surgery

Here's some extra information about our Heathcote Surgery to help you plan your visit.

If you're coming to our Heathcote surgery by car, there's a car park behind the surgery. The car park is on the right-hand side at the end of this short driveway.

To enter the surgery from the car park, walk down the driveway and the entrance is on the front of the building.

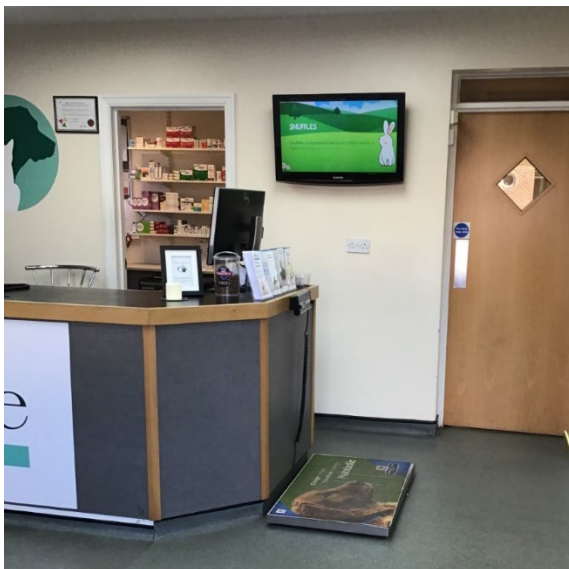

The entrance to the surgery is through this wooden door.

When you arrive at the surgery, please go to the reception desk and tell them who you are and your pet's name.

The waiting room is divided into separate cat and dog areas. You can wait here until the vet or nurse call you in for your appointment.

A member of staff might help you weigh your dog on these scales which are next to the reception desk.

The vet or nurse will call your pet's name and lead you into one of the consult rooms which are along this short corridor.

The vet or nurse will see you in one of these consult rooms. When your consultation has finished they'll direct you back to the reception desk.
